Vintage Conditions

The 2021 vintage is regarded as a classic Hunter Valley vintage. Excellent December rainfall meant that the vines were in healthy condition with plenty of foliage. A cooler and drier than average January delivered ideal ripening conditions. Good vineyard management resulted in grapes showing flavours of great freshness and intensity. The white wines in particular having great intensity of flavours and will age well.

Winemakers Notes

This wine has been produced from our best parcel of Tempranillo grapes picked in mid February from our Audrey Wilkinson Vineyard. The grapes were crushed and cold soaked for 3 days, and then fermented in an open stainless steel fermenter for 10 days with pump overs twice a day. The wine was pressed and put to 100% French oak puncheons to undergo maturation for 6 months. Blended, filtered and bottled early to retain its fresh, fruit characteristics.
